MEATWORLD

LEFT DOOR // PIGEONS TRANSITION INTO DRAGONS

You are about to witness a transition
Oooff I have been waiting for this day for so long
Everyone around me has had the change happen to them
But for some reason it took me a lot longer to get here
Some of those who want to stay [as are are] claiming this change
This new form is some sort of sickness
So they put us in cages to protect others from us
But I don't feel sick
Do you think I'm sick?

YOU ARE SICK:
You denied the dragon humanity
They detransform, back into a pigeon
So you think i'm sick
But i didn't feel sick
I felt divine
Not sick
Why couldn't you see that?

YOU ARE NOT SICK:

You don't think i'm sick
Thank you that makes me feel seen
I'll see you around
You freed the Dragon
I think they went to the stadium

WATCH THEM FLY:

You watch the dragon fly
All monsters have beauty

ASK THEIR FRIEND IF THEY ARE SICK:

This is my friend
They are transforming into something they want to be
Let them be who they need to be
They are not sick
They are not unwell
They are themselves
Do you see that?

MIDDLE DOOR // INTERACT WITH MEAT PERSON

You are accosted by a soulful meat person

LOOK AT THEM MORE CLOSELY:

You get a closer look
Ewww it's so gross

TALK TO THEM:

They communicate through dance
You have no idea what they are trying to say

ATTACK THEM:

Will this be for the better

WALK TOWARDS THEM:

You are about to be consumed
There is nothing you can do
Your body will change
Will this be for the better

You wake up
Your body feels different
You are now a meat person
This is irreversible
People will no longer see you as human
They may judge you before they meet you
I'm sorry
Life will be harder for you

RIGHT DOOR // WATCH DRAGONS PERFORM ON STADIUM

LISTEN TO BIG DRAGON:

All the times we got to go now
I just think we on the show now
You don't see us on stage now
We be going for it oh the way now
I'm not doing no sleep over this
Imma fight till the end of the week
Hey I got it
You you got it
Hey we got it
Yeah you got it

I am lasting oh,
I don't wanna hide from noone
Even though I can get taken, oh
Meat well coming at us real clean
But we're not faking ourselves
We're just being ourselves
I don't wanna hide myself
I'm going to keep it real
So meat while coming around,
To try and transform me
I just want to see them do it
Can they go for free
Let's just see if they can just do it, yeah

CUTE DRAGON:

Ok i'm going to count down.
Three, two, one, go.
I'm doing another one
Three, two, one and go

I don't care about you
You made me feel
Like I can't be me
Get away from me
I'm being myself
No matter what you think
Let's go BE OURSELVES
Let's go now, be our self
It's your time, yes
And I can feel, and when you can feel
I hold your heart
And you hold my heart out
And we won't have a fight
And we're fine together
Walking every day, even in bad weather
Yeahhhh

ADORABLE DRAGON:

Yeah ok. Three, two, one, go
Why you aiming at me for?
Why you aiming at me for?
Why you aiming at me for?
Shooting your shot
See me hit the floor
Why you aiming at me for?
Why you aiming at me for?
You take us down
You think it's funny?
One of us falls
Here comes the wave
We're trying to pull you down
We're gonna bring you down
The more of us that fall
The more of us will rise
We will rise
The more of us that go
The more of us that rise
We will rise
We will rise
We will rise
We will rise
We will rise
We will rise

We will rise

We will rise

DYSTOPIAN PORTAL

LEFT DOOR // HOW WOULD YOU LIKE TO BE HELD

This portal can smell your emotions
This portal can feel your heart
This portal will open to a world of self reflection
Take a moment to think about what you need
Think about the space that you would need to hold those needs
Hold those thoughts close to your body
And when you are ready, open the portal to this place

GO INTO PORTAL:

Portal Opening

Hi

You are travelling through a portal

This portal gives you access

To worlds that hold you

How would you like to be held?

UNIVERSALLY HELD:

Enjoy yourself!

You chose to be held by the universe

As you drift through space

You hear the stars whisper to you

You are worthy of care

You are worthy of safety

You are worthy of rest

You are worthy of attention

You are worthy of love

You are worthy of power

Know your worth

You are finished in here now

HELD BY EYES:

Enjoy yourself!

The eye has seen you

Look closely
You see a field of anxiety
Somewhere in here is a message you need to see
Take a deep breath, I want you to close your eyes

PLANETARILY HELD:

We are building a planet for you
A planet to hold all that you are
I need you to think about what world you would build
Would you have gender in this world
Would you have borders?
Would you have governments?
What kind of people would you want there?
Who would you banish?
How would you deal with difference?
How do you build a utopia, without creating restrictions for others?
I need you to take a deep breath
With each breath you take, you make it easier for someone to breath, and harder for someone else
You begin to build a world around you
We are building worlds around us at all times, and destroying other's worlds they build
Your utopia
Can be
My dystopia

Do you still love me?

Or will you let me be?

Stay close to me

I need you there

I need you there

Please don't (*something*)

Please stay up for me

I know it's so hard to see

(*can't transcribe this line*)

CASTLEXCOMMUNIST

LEFT DOOR // COMMUNIST HOUSE WHERE BORIS IS LOCKED AWAY

You are entering the communist calamity community building
You hear these whispers in the air
Money means nothing
There is power in collective action
You don't need to be like us to be with us
Give up your material goods
Share your privilege
Share your anger
Share your pain
Together we will use them all to grow
BORIS
I am the empty soul of colonialism
I have been imprisoned here
So that I no longer cause millions pain
Do you think I can change?

YES:
Ask about me

WHO ARE YOU:
HAHA. So good to have some friends here
I mean, I've been alone for a while now, it's not been my fault haha
Do you feel me?
You know, many of us say we can run the country
But i feel like i'm the only one that can
And maybe you can forgive me
For my misgivings
I mean i tried my hardest but,
No one seems to recognise greatness when they see it.
You know?
Do you see greatness in me? Haha
I see, I see something in you that I can use
Let's use it
What do you think of me now?

WHAT DO YOU DO:

What do I do? Me?

Well, I used to lead your country, the UK for a while

And had a grand time doing it too.

I really enjoyed it.

In fact, some say I might have taken a little bit of advantage of all of you.

You would know more about that than me.

Oh, yes you would.

WHAT DO YOU BELIEVE:

What do I believe in?

I believe anything that's right for the money

Anything that will make money

Anything that will make my pockets grow

You don't factor into that unless you are making me money

Don't be scared.

Me being richer means that maybe,

If you get to this level

You can use others like I do.

Do you want that?

NO / GET RID OF THEM:

Boris cannot change

So they must be removed from here

3, 2, 1

Boris is gone

Are we safe now?

MIDDLE DOOR // BEDROOMS AND DREAMS

Welcome

I am mayor of this city

And together we live in a sort of peace

And harmony it's fantastic really,

You should stay for a little bit

Do you wanna stay?

I mean have you seen anything yet?

YES I WANT TO STAY:

Oh, you want to stay do you

Follow me
Trust me
I will lead you through this darkness
And together we will find you a place to stay here.

Ok i'm going to show you a few rooms
And you tell me if you like one, there are three of them.
But, if you like a room say yes to the room.
And if you don't we can go to the next option, ok?
I'm going to show you the first room now...

[Looking at bedroom 1] Do you like this bedroom? Or would you like to look at another?
[Looking at bedroom 2] Do you like this bedroom? Or would you like to look at another?
[Looking at bedroom 3] Do you like this bedroom? This is the last bedroom I have to show you.

YES I LIKE THIS ROOM [1, 2 & 3]:
In your bedroom you instantly fall asleep
This is what you dream
You wake up
Do those images mean anything to you?

NO I DON'T WANT TO STAY:
You have not seen anything?
Um go out and have a look around the town
I want you to know what this place is about,
Before I ask you the next question
Take your time
See you around

RIGHT DOOR // VENUS COLONY

Welcome to venus Colony
Gender means nothing here
This space holds those who need to find power
In their own existence
The eyes of Venus see all here
Keep your intentions clear
You can now ask the princesses one question

TALK TO PRINCESS ONE:
Aghh, ok. Are you ready?

I don't know how to breathe any more
It's the end I feel
It takes me to my core
In the end all princesses will never have to fall
We are here
I'm sorry.

CHOOSE PRINCESS:

Join me in a premonition
Did you recognize both of them? If you haven't met them, go find them.

TALK TO PRINCESS TWO:

Please, stay close to me
Oh, I and you will see
Who I am meant to be
With a little bit of care from you
You can it right
If you just try to say my pronouns
It might take a while
But I don't mind if you try
'Cos i am feeling myself, I'm myself because I chose this way
Nothing made me like this, i chose to be like this
So don't get it twisted
I've got nothing wrong with me

CHOOSE PRINCESS:

My glory is too much to look at
Only my friends can see it
When they look close enough
To see me
In my truth
In the dark
Their eyes keep me
From losing myself
In this dark

TALK TO PRINCESS THREE:

I'd do anything for my people
They bring me joy
When they
Smile
I chose my way
Further back than i remember

Can you choose for me?
Can you choose me?
What will it be?

CHOOSE PRINCESS:

The princess grants you access to their inner dreams
You may not understand them
But don't judge them, they are shy

TALK TO PRINCESS FOUR:

Oh, hi! Sorry, I was eating. Erm
cough hm hmm I'm supposed to sing for you? Oh, ok
Errr.. I'll sing
Sweet rainbow
Where do you lie
My eyes meet yours
But i swear i don't fly
That flag that was there for your lives
But not for me. I don't see how.
Yeah. Erm. I hope that's ok. Sorry! You caught me eating

CHOOSE PRINCESS:

I need you to pay attention
I'm going to show you
A series of signs
They will reflect
The world I lead
The rules I live by
Leading
Together
Brings
Representation

When you think about who you were in the past

Are you proud of who you were
Are you embarrassed about who you were
Are you guilty about who you were
You should know that who you are now
Is all that is important
But don't forget that version of you

You stumble through the forest

You were eaten

You stumble through the forest

You bump into a giant
Hey. What are you doing here?
This is our territory
Us giants have taken over this land to protect it from you
Those that would cut down the trees to build their castles
What do you have to say for yourself?
Are you responsible for these trees dying?
Or will you promise to keep them alive?

WALK INTO THE FOREST// RUN AWAY TO SAFETY:

Oh so you're not going to
Change your ways or... help us keep our land
I think there's only one way to deal with you...
You were eaten

WALK INTO THE FOREST// HELP PLANT A TREE

Oh, follow me then.
This is our tree foundation.
Here, we ensure that we plant enough trees to keep the forest from dying
And keep you out.
Let's plant some trees

WALK INTO THE FOREST// HELP PLANT A TREE // RUN AWAY TO SAFETY

Oh so you're not going to
Change your ways or... help us keep our land
I think there's only one way to deal with you...
You were eaten

You planted a tree
They trust you a little now
